### General description:

The first section of this leg of the Sentiero Liguria runs along the coast, passing through populated areas, but far from traffic and urban noise. After 5 km, in Treponti, the itinerary abandons the coastline to follow a slight ascend until the old hamlet of Bussana Vecchia. The itinerary continues towards the backcountry, following a gentle descend towards the centre of Taggia.

**Description of the itinerary:**

The itinerary starts in Corso Guglielmo Marconi, nearby the monumental cemetery of Sanremo. Continue almost 4 km along the cycle and walking path “Parco Costiero”, parallel to the promenade Lungomare Vittorio Emanuele II, until Tre Ponti in Sanremo.

Continue eastwards on Strada Tre Ponti, and cross the provincial road Corso Giuseppe Mazzini at the repair shop Autoriparazione Elettrauto Fratelli Zappone. Walk up Salita Poggio and Via Val d'Olivi until the provincial road Via Duca d'Aosta. The trail continues into the backcountry parallel to Poggio di Sanremo. Cross the bridge on the Rio Armea stream and follow Vico Moraglia, Strada Armea and Strada Cascine Lunaire before walking out the characteristic alleys of the centre of Bussana Vecchia.

Leave the old centre and take Via dei Fronti walking circa 200 m in North East direction. Take the second road to the right at the Parodi Sanremo S.S.A. sign. Continue eastwards towards the provincial road Aurelia and cross the hamlet Castelletti. Take the mule track Oliveto to Taggia, passing through green houses and farmed plots of land. After circa 4 km bare left until Via Salvatore Revelli. Passed Strada Privata Degli Ulivi bare left to Piazza B. Cristoforo. Walk up Salita San Domenico until the monumental cloister of S. Domenico, where you can admire precious paintings of Ludovico Brea and Canavesio.

Continue on Via Bastioni until the city wall S. Dalmazzo, from where you can descend through the old city and the medieval bridge of Taggia with sixteen arches.
